# How to make the halo

1. Cut an Elastic Band about 18" length.

2. Put the wire under the mic.

3. Tie the wire over the mic.

4. Double knot to secure.

5. Like this!

**6. Make the second knot.**

**7. Twice**

**8. Tie tight.**

**9. Measure the head size.**

**10. Make sure they meet at the center of the back head.**

11. After the measurement, tie the wire over the mic.

12. Double knots.

13. Cut the extra length.

14. Trim the elastic thread and whip the end.

15. To put the mic halo, first put the halo all the way to the neck.

16. Move the halo up to the head like a hairband.

17. Using the comb, hide the halo with hair.

18. Invisible!
